WALKTHROUGH

Hermon

Watch the initial scene by the lake and afterwards follow Liza into her house (number 1 on the map below) and sit at the table. Follow the dinner talk and after finishing your meal head out and into Gallow's house (number 2). Check the following objects: red chest, money bag, helmet and book. After Liza comes see you again, walk over to the bed to sleep.

- 1) Liza's House
- 2) Gallow's House
- 3) House
- 4) Shop
- 5) Mayor's House
- 6) Exit to the world map

In the morning Gallow will be woken up by his new Mentor - Master Tauros. Before leaving the village, go check the several houses for a few items and gold:

- In Liza's bedroom you'll find a Mana Vial in the drawers by her bed

- In the House to the right (number 3) you'll find 30G in a crate and the guy will also "generously" give you 1G
- In the Mayor's House there's a plant pot with 110G, you can also accept **side-quest #1** by talking to the lady in pink.
- In the Shop there's a Life Fruit in some small crates; and you should probably buy a few Mana and Healing Vials while you're there

Exit the village and enter Hermon Road.

HINT: Keep in mind you can always use Egress - a skill all your characters have - from any dungeon to return to its start point. In this case it'll make things easier for you to come back in town and purchase extra supplies and/or rest if needed.

Hermon Road

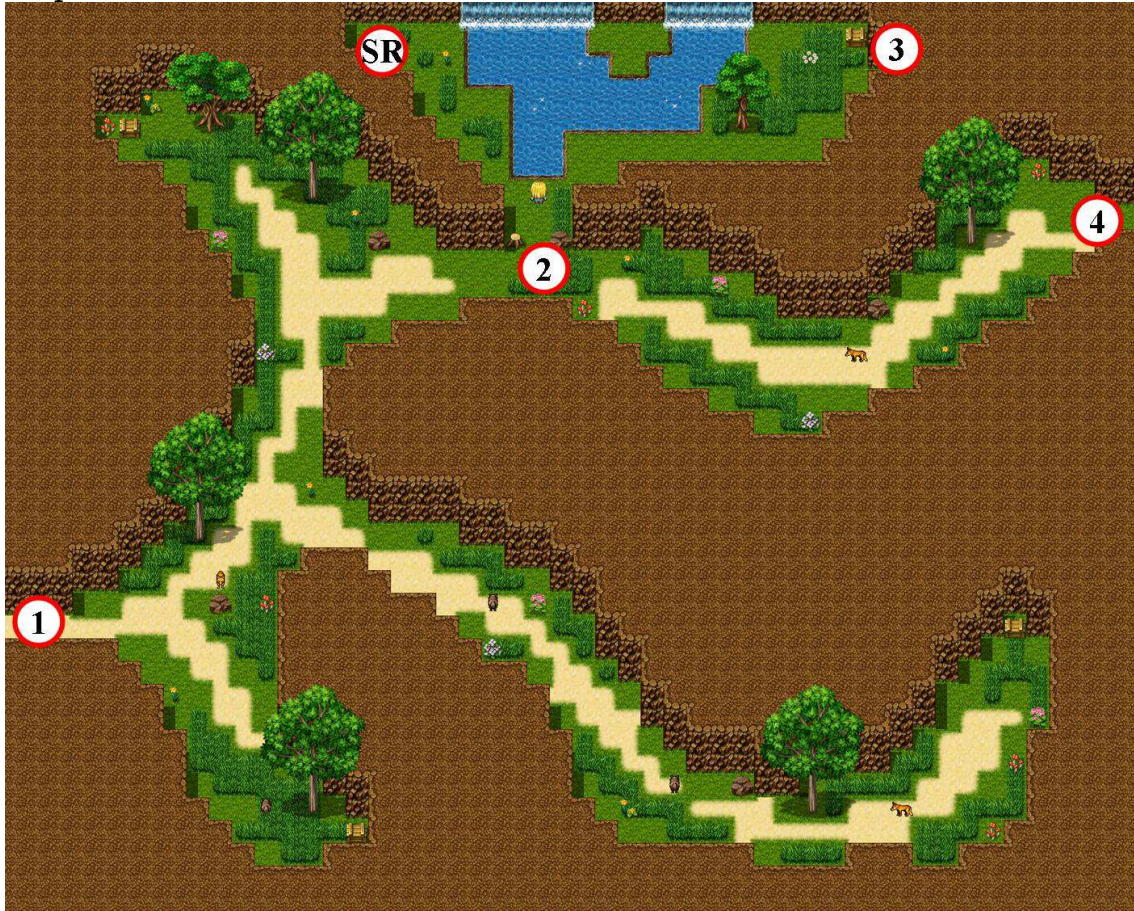

Start by avoiding the initial monsters and walking to where number 2 is on the map below - Liza will join you and therefore any battles you'll fight will now be easier with a third element in your party! Furthermore, now that you have Liza in your party you'll be able to sleep for free in her house in case you need to!

Follow the path collecting the chests you find on your way.
You'll be also encountering the following:

Monsters

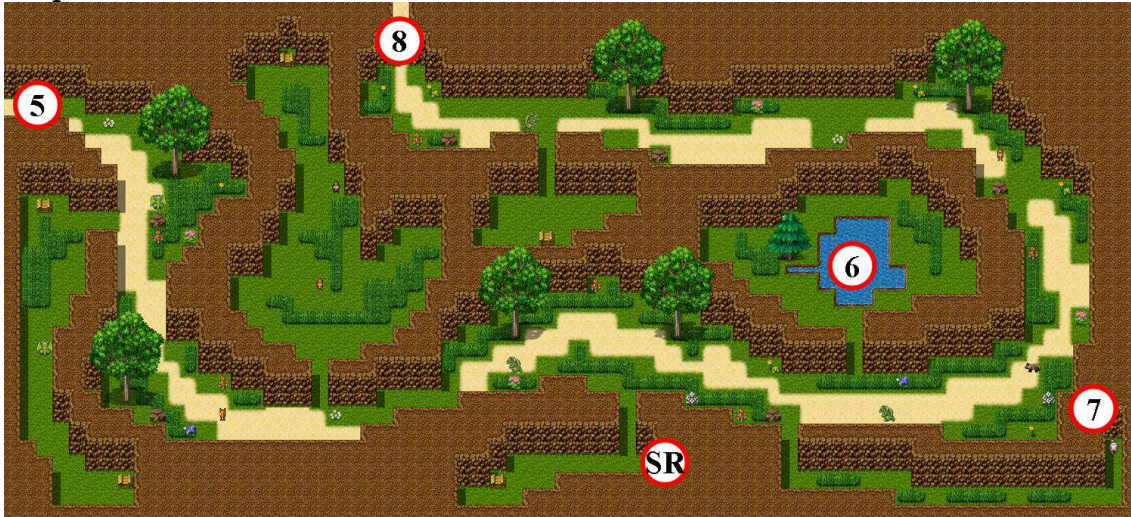

- **Raccoons** - Easiest to defeat with lower defence and HPs, Liza's flute has 60% chances to put them to sleep. They may occasionally drop a Life Fruit.
- **Foxes** - Slightly tougher than the Raccoons, they're more resistant to sleep with only 40% chances of getting this status but are quite sensitive to confusion (80%), so you may want to use Liza's Temptation Song instead. Bear in mind, though, that attacking with the Flute ensures Liza hits first. Foxes don't drop anything when defeated.
- **Raptors** - Toughest of the lot, they're very sensitive to Liza's flute as they have 80% chance of falling asleep. You may also want to use Tauros' Dual Attack skill to get rid of one of them fast. When in groups, always have Liza use her flute on the raptor to the right while Gallow and Tauros quickly try to kill the raptor to the left. This will minimize the damage they may inflict you! Raptors may escape from battle if their HPs are lower than 60% and won't drop anything if and when defeated.

Map 1:

- 1) Exit to Hermon Village
- 2) Liza
- 3) Life Fruit
- 4) Exit to Hermon Road map 2
- SR) Secret Room #1 - there's a Power Fruit in the chest

Map 2:

- 5) Exit to Hermon Road map 1
- 6) Drink from the lake to fully heal your party!
- 7) The Dog you need to complete **side-quest #1**
- 8) Exit to Hermon Road map 3
- SR) Secret Room #2 - Guard Fruit in the Chest and Life Fruit in a stone!

When you complete side-quest #1 Arianne will give you a Warrior Ring - and accessory you may want to give to Gallow to make his hits more powerful!

If needed you can also take this opportunity to rest at Liza's house and buy extra supplies.
